STAT

Dear Shawn,

At the completion of your summer tour with FBIS, may I extend our gratitude for your assistance.

In your varied duties for the Publications Staff, you helped to produce a very important and well received government publication. From what I have been told, you performed your assigned tasks in a conscientious and timely manner which is most commendable.

We hope this summer with FBIS has been enjoyable and enlightening, Shawn, as we say farewell and best wishes for a very successful senior year at Towson State College and future happiness always.

Sincerely,

STAT
